At the end of subtitle D of title III, add the following:

SEC. 342. SENSE OF SENATE ON THE AIR FORCE LOGISTICS CENTERS.

(a) FINDINGS.—The Senate makes the following findings:

(1) Air Force Air Logistics Centers have served as a model of efficiency and effectiveness in providing integrated sustainment (depot maintenance, supply management, and product support) for fielded weapon systems within the Department of Defense. This success has been founded in the integration of these dependent processes.

(2) Air Force Air Logistics Centers have embraced best practices, technology changes, and process improvements, and have successfully managed increased workload while at the same time reducing personnel.

(3) Air Force Air Logistics Centers continue to successfully sustain an aging aircraft fleet that is performing more flying hours, with less aircraft, than at any point in the last thirty years.

(4) The purpose of the Global Logistics Support Center is to apply an enterprise approach to supply chain management to eliminate redundancies and improve efficiencies across the Air Force in order to best provide capable aircraft to the warfighter.

(5) The Air Force is working diligently to identify means to create further efficiencies in the Air Force logistics network.

(b) SENSE OF SENATE.—It is the sense of the Senate that the Air Force should work closely with Congress as the Air Force continues to develop and implement the Global Logistics Support Center concept.

SA 3113. Mr. CHAMBLISS submitted an amendment intended to be proposed by him to the bill H.R. 1585, to authorize appropriations for fiscal year 2008 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of title I, add the following:

Subtitle E—Joint and Multiservice Matters

REMOVAL OF INJUNCTION OF SECRECY—TREATY DOCUMENT 110-8

Mr. BROWN. Mr. President, as in executive session, I ask unanimous consent that the injunction of secrecy be removed from the following treaty transmitted to the Senate on October 1, 2007, by the President of the United States:

Protocols of 2005, the Convention concerning Safety of Maritime Navigation and to the Protocol concerning Safety of Fixed Platforms on the Continental Shelf (Treaty Document 110-8).

I further ask that the treaty be considered as having been read the first time; that it be referred, with accompanying papers, to the Committee on Foreign Relations and ordered to be printed; and that the President's message be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The message of the President is as follows:

To the Senate of the United States:

With a view to receiving the advice and consent of the Senate to ratification, I transmit herewith the Protocol of 2005 to the Convention for the Suppression of Unlawful Acts against the Safety of Maritime Navigation (the "2005 SUA Protocol") and the Protocol of 2005 to the Protocol for the Suppression of Unlawful Acts against the Safety of Fixed Platforms Located on the Continental Shelf (the "2005 Fixed Platforms Protocol") (together, "the Protocols"), adopted by the International Maritime Organization Diplomatic Conference in London on October 14, 2005, and signed by the United States of America on February 17, 2006. I also transmit, for the information of the Senate, the report of the Department of State with respect to the Protocols.

The Protocols are an important component in the international campaign to prevent and punish maritime terrorism and the proliferation of weapons of mass destruction and promote the aims of the Proliferation Security Ini-

tiative. They establish a legal basis for international cooperation in the investigation, prosecution, and extradition of those who commit or aid terrorist acts or trafficking in weapons of mass destruction aboard ships at sea or on fixed platforms.

The Protocols establish the first international treaty framework for criminalizing certain terrorist acts, including using a ship or fixed platform in a terrorist activity, transporting weapons of mass destruction or their delivery systems and related materials, and transporting terrorist fugitives. The Protocols require Parties to criminalize these acts under their domestic laws, to cooperate to prevent and investigate suspected crimes under the Protocols, and to extradite or submit for prosecution persons accused of committing, attempting to commit, or aiding in the commission of such offenses. The 2005 SUA Protocol also provides for a ship-boarding regime based on flag state consent that will provide an international legal basis for interdiction at sea of weapons of mass destruction, their delivery systems and related materials, and terrorist fugitives.

I recommend that the Senate give early and favorable consideration to the Protocols, subject to certain understandings that are described in the accompanying report of the Department of State.

GEORGE W. BUSH.

THE WHITE HOUSE, October 1, 2007.

SUPPORTING THE GOALS AND IDEALS OF NATIONAL PASSPORT MONTH

Mr. BROWN. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of S. Res. 338, submitted earlier today.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

A resolution (S. Res. 338) supporting the goals and ideals of National Passport Month.

There being no objection, the Senate proceeded to consider the resolution.

Mrs. FEINSTEIN. Mr. President, I rise today in support of this resolution that would designate the month of September as "National Passport Month."

Travel book publishers, along with travel editors from some of the most prestigious media outlets in the United States and many student travel organizations, have designated September as "National Passport Month" as part of a campaign to educate the public about the importance of having a passport.

This resolution supports the goals and ideals of "National Passport Month" and calls on the Federal Government, States, schools, businesses and the people of the United States to observe the month of September with programs and activities that will encourage Americans to get their passports and see the world.

Since 2000, the number of passport applications received by the U.S. State

Department has increased by 66 percent. This year, the State Department is expected to issue a record 17 million passports, up from last year's record of 12 million.

This surge in passport applications has led to longer processing times, averaging 6 to 8 weeks. As a result, there have been significant increases in public requests for expedited processing.

The designation of September as "National Passport Month" will serve as an important reminder for the American people to plan ahead and begin their passport application process early.

Despite the significant increase in the number of passport applications being processed, fewer than 23 percent of Americans have passports.

This number is far too low. International travel provides a unique perspective of the world and is an invaluable opportunity to interact with the global community and experience world cultures first hand.

I want to encourage the American people to get their passports and see the world.

The designation of September as "National Passport Month" will not only encourage the American people to avoid delays and get their passports early, but it will also acknowledge the positive impact of international travel in promoting understanding, tolerance, acceptance, and goodwill throughout the world.

On September 5, 2007, the U.S. House of Representatives unanimously agreed to an identical resolution introduced by Congresswoman BARBARA LEE. It is my hope that this body will do the same. I urge my colleagues to support this resolution.

Mr. BROWN. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid upon the table, and that any statements relating thereto be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 338) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 338

Whereas, through international travel, Americans can individually play a major role towards improving foreign relations by building bridges and making connections with citizens of other countries;

Whereas interacting with the global community inspires Americans to reflect on the diverse multi-cultural background that has defined the United States as a great country of cooperation and progress;

Whereas having a passport and traveling abroad creates connections with the global community;

Whereas having a passport and traveling abroad promotes understanding and goodwill throughout the world, opening the doors to increased peace, tolerance, and acceptance;
